A MESSAGE FROM THE PRESIDENT

Dear Student,

Welcome to 1st Academy of Beauty and thank you for selecting us to assist you in obtaining your desired cosmetology training. You are now entering a field of experience that will hopefully provide you with the opportunity for a successful future in the beauty industry.

Our objective is to provide each enrolled student with a high-quality program, in an environment conducive to attaining real-world skills, by adopting a straightforward pragmatic methodology. Upon completing their program, the graduate shall be able to function effectively in one of the professions as Hair Stylist, Hair Colorist, Manicurist, Make-up Artist and Esthetician or as a Beauty Salon Operator. Normal career progression can move a graduate to positions such as Beauty Salon Manager, Beauty Salon Owner, Cosmetology Teacher or Cosmetology School Owner.

Students will be introduced and provided with structured instruction in a state-of-the-art learning environment. Under these conditions, students acquire hands-on experience and gain the knowledge and techniques needed to successfully complete their program of study. Students are encouraged to utilize the resource library, which can supplement their learning

experience. Our school simulates salon conditions to help our students "learn-by-doing", with modern equipment and a variety of supplies that help enhance the student's product knowledge. Each student has access to a locker to keep uniforms and private articles. Our students learn to practice managing the reception desk, logging patrons in, answering the telephone and operating the cash register and assisting in operating our supply system. Our objective is to help the students become salon ready.

At 1st Academy of Beauty, we offer you the training required to pass the Board of Barbering and Cosmetology examinations. We place emphasis on how to be successful in the marketplace and how to be successful at every operation necessary to create the lifestyle you desire. This means hard work, dedication, and practice on your part; you will practice shop management, business concepts, and the psychology of personal success.

Career opportunities and employment projections change over time. Prospective students should consult current occupational information from the U.S. Bureau of Labor Statistics and other reliable sources when evaluating career options.

The excellent outlook for cosmetology career opportunities is based on a number of factors, among them the economy and our increasing population. And as in any equation these days, the baby boomers' figure prominently. Maintaining a youthful appearance is extremely important to many baby boomers, and they are seeking out trained professionals to help them achieve that goal. Some of those baby boomers are even making cosmetology their second career. Although the average age of a student in the field is 22, some retirees are entering the field. They are drawn by the appeal of flexible or part-time hours and a course of study that can be completed in approximately 10 months.

Cosmetology is a profession requiring artistry, practical knowledge, and a high degree of that blend of communication and psychology commonly known as "people skills."

It is also a field of growing opportunities.

The academy welcomes all people interested in a beauty career. We are happy to have you visit the school at any time. Come in and see our student facilities and the teaching staff. We will be pleased to answer all your questions. We look forward to assisting you in this new and exciting venture.

Sincerely,

Ms. Phieng Yang, School President

ACADEMIC POLICIES

GRADING SYSTEM

Students are evaluated on a regular basis on theory, practical and clinical work. The evaluations are measured on a standard percentile basis and the percentage equated to a letter grade. Evaluation forms are issued to the Cosmetology students at 25%, 50%, 75% and 90% of the course hours scheduled to complete. All other courses consisting of 600 hours or less students are issued evaluation forms at 45% and 90% of the course hours scheduled to complete. This evaluation form reflects the overall Attendance and Academic progress of the student. Students must maintain a "C" (70%) average to maintain satisfactory academic status. The system detailed below is the system utilized in the school.

ACADEMIC GRADING POINT GRADES FOR PRACTICAL WORK

100% - 90%	Excellent	(GPA 4) 4 POINTS	A
89% - 80%	Good	(GPA 3) 3 POINTS	B
79% - 70%	Satisfactory	(GPA 2) 2 POINTS	C
69% - 60%	Unsatisfactory	(GPA 1) 1 POINTS	D
Below 60%	Failing	(GPA 0) 0 POINTS	F

ATTENDANCE POLICIES

Students are required to attend school according to their student schedule as indicated by their enrollment agreement. Full time enrollment is defined as 24-40 hours or more per week. Part-time enrollment is defined as 16-23 hours per week. Students must clock in and out using their attendance timecard and instructors will visually monitor the attendance of every student. Failure to meet the required hours of training will result in denial of graduation status.

STUDENT CLOCK HOUR POLICY

The Bureau of Barbering and Cosmetology recognizes clock hours that are determined by timeclock punched hours of attendance. As a result of this requirement this school can only give clock hour credit to students who record their attendance by using the time clock to punch in and out at the start and end of their class day and lunch period. A thirty (30) minute lunch break is taken when a student attends a minimum of a 6-hour class day or more. If you are attending less than a 6-hour class day and desire to take a lunch break (30 minutes), then the half hour must be deducted from your daily total. Maximum hours online are limited to 25% of the total program hours for Hybrid Distance Education.

Milady CIMA:

- Each student will have unique log in information provided by the school administrator. CIMA system will generate the hours of Attendance accordingly.
- For hours to count, the student must be engaged in the digital textbooks; turn pages, do activities & quizzes.
- The time you see displayed is not what you will receive. Audited hours will remove all inactivity and dead time.
- Special Circumstance such as system errors, School Director will do the audit and make the correction as necessary
- Tests & Quizzes can be taken as many times as needed. Passing score is 70%. Retaking them multiple times will not count against you, but CIMA may not be counting the time for multiple attempts.

School Learning management System:

- Each student will have unique log in information provided by the school administrator.
- For hours to count, the student must be engaged in the reading; videos, do activities, quizzes & final chapter tests.
- Tests & Quizzes can be taken as many times as needed. Passing score is 70%. Retaking them multiple times will not count against you, but the system may not be counting the time for multiple attempts.

On Campus Policy for Distance Education Students must participate in learning activities while physically present at the contracted campus at least once every ten-business day for the length of a scheduled class day as outlined in the enrollment contract.

INSTITUTION'S STANDARDS FOR STUDENT ACHIEVEMENT

Considering the varied capabilities of individual students, some students may progress from one phase of training to another at different rates. However, all students must satisfactorily complete all subject matter prior to graduation unless credit has been allowed for previous training or experience in a particular subject area. Successful graduates will be awarded an appropriate diploma upon completion of their training program.

SATISFACTORY ACADEMIC PROGRESS

STANDARDS: The achievement of academic standing consistent with graduation requirements. This institution expects its students to maintain Satisfactory Academic Progress (SAP) as established by this institution, the student must:

1. Maintain a cumulative academic average of "C" (70%) or better on all tests, work projects (operations) and other required course work.
2. Maintain a cumulative average attendance level of at least two-thirds ($2/3$) (67%) of the scheduled hours indicated on their enrollment contract. For example, a student scheduled to complete 30 hours per week would have to maintain an average weekly attendance of at least 20 hours per week ($2/3 \times 30 = 20$).
3. Regardless of the average level of attendance, students who have more than three consecutive weeks of absences (21 calendar days) will be dismissed. This standard shall apply to all students except those on an approved Leave-of-Absence (see LOA policy). Students who expect to be absent 21 or more days, up to 60 days, are encouraged to request a Leave-of-Absence. In addition to attendance standards relating to Satisfactory Academic Progress (SAP), students are also required to adhere to certain other general institutional policies relating to attendance and tardiness.
4. Complete the course within one and one-half ($1\frac{1}{2}$) times the length of the course as defined in the enrollment agreement. For example, if the student has contracted to complete the course within 40 weeks, he or she must complete it within 60 weeks.
5. Students must meet minimum academic and attendance requirements for at least one evaluation prior to the midpoint (50%) of the course to be considered as meeting satisfactory progress at the end of an evaluation period. A student will be considered to be making satisfactory progress until the next evaluation.

EVALUATION PERIODS: For Cosmetology & Barbering Students only: Student compliance with Satisfactory Academic Progress is divided into evaluation periods and is assessed at each of the following times:

- The point at which 25% of the course is scheduled to be completed.
- The point at which 50% of the course is scheduled to be completed.
- The point at which 75% of the course is scheduled to be completed.
- The point at which 90% of the course is scheduled to be completed.
- At the point of actual completion, or at which each additional 400 clock hours are scheduled to be completed, beyond graduation date.

Example: For the 1000 clock hour Cosmetology course, a student will be evaluated at the increments in which the students is scheduled to reach 250, 500, 750, and 900 clock hours, if applicable; at the point of which the student is scheduled to reach an additional 400 clock hours beyond scheduled completion, or at actual completion.

Evaluation periods for the Cosmetology Crossover, Barber Crossover, Esthetician, Manicuring, Hairstyling and Advance Manicuring Courses the evaluations will be performed as follows: The point at which 45% of the course is scheduled to be completed; the point at which 90% of the course is scheduled to be completed.

Example: For the 400-clock hour Manicurist course, a student will be evaluated at the increments at which the student is scheduled to reach 180 and 360 clock hours.

Special Note: The percentage of the course scheduled to be completed is defined according to the terms of the enrollment agreement. **Example:** A student enrolled at 100 hours per month would be scheduled to complete a 600-hour course in 6 months, a 400-hour course in 4 months and a 1000-hour course in 10 months, allowing no absences.

For example, a student enrolled in a 40 week, 1000 clock hour program would be evaluated for SAP after the 6th week, the 12th week; the 19th week and the 22nd week. These dates would correspond to the point at which the student was scheduled to have completed 250, 500, 750, and 900 clock hours. In the event a student reaches his/her scheduled graduation date and has hours remaining to complete, the student will receive additional evaluations; either at the time the student is scheduled to reach each additional 400 clock hours, or at the time of actual completion of the remaining hours, whichever occurs first.

ACADEMIC PROBATION AND DISMISSAL

Students who fail to meet SAP standards during a given evaluation period will be placed on academic and/or attendance probation for one additional evaluation period and will be considered as making SAP progress during the probationary period. Probationary students who fail to meet SAP by the conclusion of the probationary period will be deemed not to be making satisfactory academic and/or attendance progress and may be terminated at the discretion of the institution. If the student is allowed to continue, the student must reestablish SAP in accordance with the attendance and grading standards stated in this policy. If a student is terminated for failure to make SAP, the institution's refund policy will apply. A probationary student who meets SAP by the conclusion of the probationary period will be removed from probation.

All disciplinary matters will come before the Administration, which will review the written complaint, interview the parties involved, and make a determination of the action to be taken. This may result in the dismissal of the charge, probation, suspension for a particular length of time, dismissal of the student, or other appropriate action. Termination may also be the result of a student violating the following policies: a) satisfactory academic progress, b) attendance, and/or c) the student conduct and regulations policy.

APPEAL PROCEDURES

Students who wish to appeal the decision that they are not making Satisfactory Academic Progress must submit a written request to the institution's administrator. The letter should be received within (5) days of termination and must describe any circumstances related to the student's academic standing which the student believes deserves special consideration. The administrator shall evaluate the appeal within a reasonable time frame (5-10) days and notify the student in writing of the administrator's decision. Should the student's appeal be denied, he or she may appear before a school committee to present his or her case. The committee shall provide written notice to the student of its decision within a reasonable time frame (5-10 days). The decision of the committee shall be final. Students who prevail upon the appeal process, re-enter the program after an interruption of training, or re-establish satisfactory progress may be permitted to continue in the course in accordance with institutional policy. Students accepted for re-entering the program, who previously were not making satisfactory progress, must attain satisfactory progress status by the next scheduled evaluation within the evaluation probationary period time frame.

EXCUSED ABSENCES

Students are expected to be on time to class every day and complete the required work to the best of their ability, when students must be absent from class, the student should call the school prior to the start of class, noting the class they are in, an explanation of why they will not be in class that day, and when can we expect their return. If a student has a planned absence, they should request permission in writing seven days in advance. Absence will be considered excused under the following circumstances: illness, death, or birth in the immediate family, and other valid reasons substantiated in writing and at the discretion of the school director. The excused absence policy was implemented for students who may experience unexpected or unforeseen problems. The time is required to be made-up in order for students to meet the graduation requirements of their program of study. All other absences will be considered unexcused.

Communication must be made with your instructor or academy administration for an absence to be considered "excused". This information will be provided to the Student Services department, which will then be documented as excused. Leave of absences are not considered excused but are deemed temporary leave.

LEAVE OF ABSENCE POLICY

All "Leave of Absence" (LOA), requests must be submitted in writing thirty days in advance to the Student Services Department. The request must include the reason for the leave of absence (in general), the expected return date and the student's signature. Submission of an LOA request does not automatically reflect the school's approval. An LOA may be limited to a specific number of days (NOT TO EXCEED 60 DAYS). Only one LOA will be granted for a student during

any 12-month enrollment period. If the student's leave of absence is not approved, the student should then discuss the remaining options with school administration. If the LOA is approved, the student may return prior to or at the end of the LOA and resume training without paying any additional tuition. Students requesting LOA's must understand that upon return, a revised course completion date will be established, which will delay their graduation date. At no time can the school back date a leave of absence. Therefore, it is important that you carefully plan any LOA prior to taking time off from school. Time taken on a leave of absence does not count in the satisfactory academic and attendance formula; unexcused absences do.

UNSATISFACTORY ATTENDANCE AND UNEXCUSED ABSENCES

Re-occurring absences could result in disciplinary action, just as it would on a job. It may also lead to dismissal. Students must maintain a cumulative attendance level of at least two-thirds (67%) of scheduled hours to meet the institution's Satisfactory Academic Progress attendance standard. Due to the nature and scope of the training, the school does differentiate between an excused and a non-excused absence in computing the maximum number of allowable absences. Unsatisfactory attendance occurs when a student misses more than 30% of the maximum time frame of the program. Excessive unsatisfactory attendance will lead to "probation" status and could lead to more severe attendance matters. A student may be removed from attendance probation when cumulative attendance is restored to at least two-thirds (67%) of scheduled hours, this would include any make-up hours and or make -up assignments and any tests. Continuous excessive absences may also result in suspension or termination of classes.

TARDINESS

The institution places upon its students the same demands that an employer will place upon them as employees. Students are expected to be on time for each class session. A student is considered tardy for class if he/she **ARRIVES LATER THAN 15 MINUTES AFTER THE SCHEDULED START OF CLASS**. A tardy student will be marked daily as being tardy. Any combination of four documented events of unexcused tardiness will be considered as one (1) absence.

CUTTING CLASSES – LEAVING EARLY

The institution places upon its students the same demands that an employer will place upon them as employees. Students are expected to remain in class for the entire session. A student is considered leaving early from class if he/she **LEAVES EARLIER THAN 30 MINUTES PRIOR TO THE CLOSE OF CLASS**. The instructor should be notified prior for an early departure to be approved and considered an excused absence. Deliberate acts of cutting classes will be considered as unexcused absences.

MAKE-UP WORK AND ATTENDANCE

Make-up work must be requested from and scheduled with your instructor to assure proper credit. Students must make up work/attendance for proper credit towards graduation. All work and attendance must be completed on the school premises. Make-up assignments and/or tests will be administered by the appropriate instructor or appointed staff member for those who need to make up for academic grades/ credit units.

TIMECARD CREDIT

The following is a guideline for the instructor to issue credits.

1. Each Theory must be initiated in the proper category. If that category is complete, the instructor may issue credit in a comparative category.
2. The portion of the timecard reflecting hours are in Theory hours earned either online or in-person.
3. The portions of the timecard concerning operations are to be applied to the efforts of the students as they manually perform practical subjects.

REFRESHER COURSEWORK

Students requiring preparation for the licensing exam will be billed at the course hourly rates, depending on which license they are applying for and a registration fee of \$125.00. Students must furnish their own equipment.
